## FpML® Training Course

---

### Program Agenda

*Program Length—6 hours 7 minutes and 51 seconds*

*Program Recorded on March 28, 2007*

#### Session 1

##### **What is Financial products Mark-up Language (FpML)?**

This session explains the purpose, mission and scope of FpML and touches on the relation with XML and other XML standards.

*Karel Engelen, Policy Director and Head of FpML, ISDA*

##### **Let's Try Some FpML – An FpML Sample Problem**

To demonstrate how FpML is constructed this session takes a simple trade and translates it into FpML.

*Brian Lynn, Founder and Chief Technology Officer, Global Electronic Markets LLC*

#### Session 2

##### **FpML's Foundations**

Review of general XML concepts and how these are applied in the FpML architecture framework.

*Marc Gratacos, FpML Consultant, ISDA*

*Irina Yermakova, FpML Developer, ISDA*

##### **Top-Level and Shared Components**

This session describes the most common cross asset FpML building blocks and looks at examples of how they are used.

*Marc Gratacos, FpML Consultant, ISDA*

##### **Validation**

An introduction to FpML validation rules and methods.

*Brian Lynn, Founder and Chief Technology Officer, Global Electronic Markets LLC*
