NEW & NOTABLE

[Common Domain Model Integrated into ISDA Create](#)

ISDA and Linklaters announced the integration of the Common Domain Model with ISDA Create, the digital platform for the electronic negotiation of derivatives documents. This development will bring greater connectivity between legal documentation and operational processing and will support further automation of derivatives markets.

[ISDA Launches Future Leaders in Derivatives Program](#)

ISDA launched a new professional development program for emerging leaders in the derivatives market to help support their career progression and enable them to gain experience of working alongside other practitioners from all parts of the derivatives industry.

VIDEO: THE RESILIENCE OF FINANCIAL MARKETS

ISDA's [new whiteboard animation video](#) highlights how regulatory reforms enacted after the last crisis, combined with rapid action by central banks and regulators, allowed financial markets and institutions to play a key role in supporting the flow of credit to the global economy during the pandemic.

THE SWAP

[Episode 15: Crypto and Derivatives](#)

Crypto assets are growing at a rapid pace, with increasing interest from institutional investors, which is driving renewed focus on developing robust standards and legal foundations. Former CFTC chairman J. Christopher Giancarlo talks to ISDA CEO Scott O'Malia.

[Episode 14: The EC's Regulatory Agenda](#)

The European Commission has a busy end to 2021 in store, with publication of new capital measures due in October, continuing work to enable the transition to a climate-neutral

economy by 2050 and an ongoing initiative to review its flagship markets legislation. The EC's Sean Berrigan discusses the EU's regulatory priorities.
