*** GOING GREEN**
As the world shifts to a green economy, the derivatives market will be critically important in managing risks and facilitating the transition to a green economy.

[Going Green – IQ February 2021](#)

As countries around the world step up their efforts to reduce carbon emissions, the derivatives market will be critically important in managing risks and facilitating the transition to a green economy. [Read the February issue of IQ here!](#)

[ISDA Selects Kinetix and Linklaters to Develop Documentation User Platform](#)

ISDA announced that Kinetix Trading Solutions and Linklaters have been selected to develop a user platform that will allow market participants to access ISDA documentation in electronic form with enhanced navigation and other features.

THE SWAP

[Episode 7: Brexit: Moving to Strategic Rivalry](#)

What has the end of the Brexit transition period meant for derivatives markets, and how will the priorities of EU and UK regulators shift now that Brexit is finally done? Are the EU and UK entering into a new era of strategic rivalry in financial services? Donald Ricketts, head of financial services at FleishmanHillard, gives his thoughts.
