Video: How Do Derivatives Help Firms Access Global Markets?
Derivatives markets have always been global, which has greatly helped companies around the world better manage their risks. ISDA’s new whiteboard animation video shows how derivatives allow companies to borrow outside their domestic market and hedge that risk efficiently.

ISDA CEO Scott O'Malia Opening Remarks

NEW & NOTABLE

ISDA and the US Chamber Center for Capital Markets Competitiveness (CCMC) have published a new paper that recommends the introduction of a safe harbor mechanism that would avoid the need for firms to comply with two sets of similar but not identical US rules – one from the Commodity Futures Trading Commission (CFTC) and one from the Securities and Exchange Commission (SEC).

ISDA Publishes Benchmarks Supplement
ISDA published the ISDA Benchmarks Supplement, which gives firms the ability to improve the contractual robustness of derivatives that reference interest rate, FX, equity and commodities benchmarks.
