### 2021 ISDA REGIONAL EVENTS

## 2021 ISDA Regional Events

In-person and Virtual Events for Derivatives Market Participants in North America, Europe, Asia-Pacific and Japan

This fall, ISDA's regional events will be available to attend live in-person in New York and London and available to view in real time online from anywhere in the world.

[Register Today!](#)

### NEW & NOTABLE

#### [Role of Derivatives in Carbon Markets](#)

Derivatives play an essential role in carbon markets. This paper describes the role of derivatives in carbon markets and reviews exchange-traded and over-the-counter carbon derivatives.

#### [Trade Associations Respond to Basel Committee Consultation on Cryptoassets](#)

On September 20, ISDA, the Global Financial Markets Association, the Financial Services Forum, the Futures Industry Association, the Institute of International Finance and the Chamber of Digital Commerce submitted a joint response to the Basel Committee on Banking Supervision on its consultation on preliminary proposals for the prudential treatment of cryptoasset exposures.

#### [ISDA Publishes Papers to Further Develop ESG Standards and Accounting Practices](#)

ISDA launched two new whitepapers examining key aspects of the fast-growing market for environmental, social and governance (ESG) transactions, with the aim of establishing robust standards and best practices for this sector.

- [Sustainability-linked Derivatives: KPI Guidelines](#)

- [Accounting Analysis for ESG-related Transactions and the Impact on Derivatives](#)

### [ISDA Press Briefing: ESG and Derivatives](#)

Over the past year, ISDA has developed a strategy to support this transition to a green economy, spanning standards, documentation and regulation. This virtual press briefing of senior industry executives explores ESG and derivatives.

## THE SWAP

### [Episode 13: The Future for Investment Banking](#)

Regulatory reforms over the past decade helped banks weather the coronavirus crisis, but what's in store in the future? What will it take to be a leading investment bank, and to what extent will technology be the differentiating factor? JP Morgan analyst Kian Abouhossein gives his views.
