**REGULATORY MARGIN SELF-DISCLOSURE LETTER – HONG KONG
SUPPLEMENT**

published on December 23, 2016

by the International Swaps and Derivatives Association, Inc.

Various jurisdictions are implementing regulatory margin requirements for uncleared derivatives transactions based on the framework published by the Basel Committee on Banking Supervision and the International Organization of Securities Commissions.¹ Regulatory margin requirements based on the BCBS-IOSCO Framework have been proposed or adopted in, relevantly, (i) Canada, (ii) the European Union, (iii) Japan, (iv) Switzerland, (v) the United States, (vi) Australia, (vii) Hong Kong and (viii) Singapore, and it is expected that other jurisdictions will propose and adopt similar requirements. The ISDA Regulatory Margin Self-Disclosure Letter, published on June 30, 2016 (“Original Self-Disclosure Letter”), is intended to assist market participants with the exchange of the information necessary to determine if, and when, their trading relationship will become subject to regulatory margin requirements for uncleared swaps in one or more of the following jurisdictions: (i) Canada, (ii) the European Union, (iii) Japan, (iv) Switzerland, and (v) the United States. The Original Self-Disclosure Letter is available at <http://www2.isda.org/functional-areas/wgmr-implementation/isda-regulatory-margin-self-disclosure-letter/>. This Self-Disclosure Letter is intended to provide market participants with a standard form for providing counterparties with information necessary to determine if and when compliance with the Hong Kong regulatory margin regime will be required. The information provided in this Letter is being provided solely for making such determinations. This Self-Disclosure Letter is a stand-alone document. Counterparties may exchange information using this Letter without exchanging the Original Self-Disclosure Letter. Market participants who wish to provide information necessary to determine if and when the Hong Kong regulatory margin regime and one or more of the regulatory margin regimes covered by the Original Self-Disclosure Letter apply should exchange both this Letter and the Original Self-Disclosure Letter.

Capitalized terms used in this Letter are defined in the Appendices I-II.

¹ See *Margin requirements for non-centrally cleared derivatives* (Mar. 2015) (“**BCBS-IOSCO Framework**”), available at <https://www.bis.org/bcbs/publ/d317.htm>.

Instructions:

Section 1 of this Self-Disclosure Letter (the “Letter”) requests general information about the market participant on whose behalf this Letter will be delivered (referred to herein as “Principal”). Section 2 of this Letter requests Hong Kong-specific information.

This Letter should be completed and delivered on behalf of Principal to another market participant (referred to herein as “Recipient”) if Principal or Recipient may be subject to the Hong Kong regulatory margin regime, including if Hong Kong is a jurisdiction that they have been informed or otherwise have reason to conclude is a jurisdiction in

which Recipient is generally regulated for purposes of uncleared derivatives margin. In addition, market participants that are subject to direct regulation under the uncleared derivatives margin rules of Hong Kong should complete this Letter. This Letter does not need to be completed if Hong Kong-specific information is not required for the particular relationship between Principal and Recipient.

For example, if this Letter is being delivered to a Recipient that is an “authorized institution” under the Banking Ordinance (Cap. 155, Laws of Hong Kong), such Recipient will likely need the information requested in this Letter to determine whether and how the HKMA Margin Requirements apply to the particular relationship between Principal and Recipient. At the same time, if Principal is itself an authorized institution, Recipient will likely need this information for its own purposes, including (if it is regulated in a different jurisdiction) potential application of substituted compliance and other rules.

Thus, when preparing to fill out this Letter for particular Recipients, market participants should consider obtaining instructions from the Recipient ahead of time if it is not clear whether the Recipient needs this Letter completed.

If you are unsure of whether the Hong Kong regulatory margin regime will apply to Principal’s relationship with a Recipient, you should contact the applicable Recipient. Market participants may exchange contact information for this purpose by using Section 1(c).
